

**THE NEXT GENERATION OF INDUSTRIAL CART MOVERS.**

The **PowerCart L-Series** is an innovative machine designed to power your existing carts, quickly engaging and lifting while easily moving up to 1,500 lbs., allowing simple and ergonomic powered movement for any operator. The PCL is the most maneuverable cart mover on the market, does not require a cart side hitch, can travel up to 3.5 mph with variable speed control, and has a compact removable rechargeable Li-ion battery available.

*Adjustable and custom "tines" allow for variable connection configurations and heights to connect to virtually any type of cart.*

**POWERFUL**

**QUICK CHARGE**

**ERGONOMIC**

**Suitable for:** HEAVY INDUSTRY, GENERAL MANUFACTURING, FOOD DISTRIBUTION, WAREHOUSE, AND MORE.
