The ultimate tool for keg transporting, lifting and loading. Compact size, unmatched maneuverability, ease-of-use and powered lift mechanism make the Keg Lifter perfect for use at: **Beer Distributors, Pubs and Restaurants, Micro Breweries, Liquor Stores, Wholesale Clubs, Casinos, Nightclubs, Function Halls, Catering Facilities, Arenas, Stadiums** and more.

Simply wheel the Keg Lifter up to a keg until its sturdy lifting bracket positively engages the keg's top handle. The bracket design ensures the keg is held firmly and securely in place while lifting, lowering and transporting.

The Keg Lifter can be moved in two ways: for longer distances it tilts back like a conventional two-wheel hand truck; or in confined or congested spaces it can be maneuvered with all four wheels on the ground. The unit is freestanding even when loaded and lifted. Kegs are raised or lowered quickly by simply engaging the rocker style lift control which is conveniently mounted to the drive/steer handle for easy access.

Works with a variety of keg sizes and styles. Use it to stack or unstack kegs from one another; load shelves in store rooms, coolers or tap rooms; or load customer vehicles.

The Keg Lifter's battery provides ample power for a full shift and recharges quickly with the 110V charger included with each unit.

Works with a wide variety of keg shapes and sizes

Sturdy lifting bracket provides sure grip for steady travel/lifting

Unique caster design allows for upright or tilted movement

Adjustable lifting bracket accommodates shorter kegs

Load Capacity	Max. Lift Shuttle Travel	Under Keg Clearance	Cycle Time Lift Up	Maintenance-Free Batteries	Battery Charger	Weight

Keg Lifter Improves Worker Productivity and Safety

Employees who handle heavy (160 lb.) beer kegs will appreciate the convenience and versatility of the Lift'n Buddy Keg Lifter. Its 175 pound lifting capacity and 10" pneumatic wheels simplify keg transport and lifting.

In liquor stores, they can use it to pick kegs from pallets and place them in walk-in coolers.

In bars and pubs, it can be used to stack kegs on top of each other or load kegs onto shelves in tap rooms.

Keg Lifter Improves the Customer Experience

The Keg Lifter is a great way to deliver top shelf customer service too. Use it to retrieve orders for customers, deliver them to the checkout aisle, and then bring them to the parking lot and load them into the customer's vehicle.
